Thanks Brian. When I open the G drive there is absolutely nothing there. No folders, no documents, nothing. I'm wondering if I have an access problem. Great idea, but could you send them to me in an email.

Subject: Defensive Docket prep/papers for Matt's visit

Attached is a proposed agenda for the Defensive Docket discussion with Matt on October 1. There are still a few items on the list that we may choose not to cover (as indicated), but let us know what you think. For each of the topics listed, staff did a tremendous job of putting together background papers. We asked that they keep it to 1-2 pages (only a few are longer, but we thought looked good). Everett and I also tried to provide a consistent format where possible. All of the papers for each correlating topic on the agenda can be found in a folder on the g drive at:

G:\Management\GC Visit

The only one missing is the FOIA paper which I'm still working on and hope to send to you tomorrow. Let us know if you have any questions or proposed changes and we'll work to finalize and have them ready to send to Matt by next Wednesday or Thursday if that works for you. If you can confirm before then that we will plan to go ahead with the topics listed then staff would like to reach out to their counterparts in OGC to give them a heads up that we plan to discuss those topics with Matt.

K.C. – we'll plan to go over this a bit more during the biweekly tomorrow as well. A huge thanks to Everett and all of the staff for their help to pull these materials together!
